Summary

Civil site engineer with 14 years' experience completing public and private projects committed to providing high-quality services with a focus on health, safety and environmental issues. Attentive to detail when designing and maintaining structural projects. And I highly value feedback that will make my projects run more smoothly. I have been working in the engineering field for several years, and during that time I have been a part of multiple projects, including ones that focused on the maintenance of several critical facilities and the design of many structural projects. I am particularly detail oriented, and I have always been praised for my ability to foresee potential problems and make proactive plans

Personal information

- Marital Status: married
- Gender: male
- Nationality: Arabic Syrian
- Date of Birth: 7/04/1980

Skill Highlights

- | | |
|--|--|
| <ul style="list-style-type: none">• Site Supervision• Coordination(contractor,consultant,owner)• Quantity survey/invoicing• Organization, Time Management• Ensure effective implementation of checklist / inspection by the sub-contractors on the project• Ensure quality records / documents as required by the contract are maintained till close out matrix• Assist the MEP engineer in order to resolve the civil related problems• Steel structure expert | <ul style="list-style-type: none">• Staff Supervision• Critical facilities maintenance• Analytical Skills• Understanding of detail finishes and good understanding of shop drawings• Ensure all inspection / testing required are carried out and approved procedures prior covering up of any activity• Critical facility preventive maintenance plans |

RGH. Group, Homs /SYR

- Providing integral structural studies and designs working within a team of structural engineers
- Finishing detailed shop drawings for various local (Syrian) and Saudi Arabia

Education

B.Sc. in **Civil engineering structural Major**,

College of civil Engineering, **Tishreen University**, Syria. With a -good- grading

Training and Courses

- Session in ETABS 9.
- Session in Revit.
- Session in sap 2000
- Session in AutoCAD

Language

- Arabic: Mother Tongue
- English : Fluent

Computer skills

- Etabs
- Sap2000
- Safe
- Tekla structure 2020
- AutoCAD
- MS office
