

KALYANI SURESH BHENDARKAR

NAGPUR | 7720937787 | bhendarkarkalyani62@gmail.com

PROFESSIONAL SUMMARY

Dynamic and results-driven professional with over **1.5 years** of experience at **Adani Electricity Mumbai Limited**, excelling in RPA (Robotic Process Automation) and digital transformation initiatives. Promoted from **Graduate Engineer Trainee** to **Assistant Manager** within the **RPA Automation Team**. Adept at **integrating RPA with enterprise systems** to drive process efficiency and reduce manual operations. Proficient in automating business processes and enhancing the overall operational productivity through innovative solutions. Also led Vendor onboarding initiatives, managing the end-to-end process, ensuring seamless integration of new partners into new company's ecosystem.

Introduced innovative approaches to **Vendor onboarding**, leveraging digital tools to enhance communication, tracking and reporting efficiency. Supported the IBM team and Sequelstring team in integration of external vendors into enterprise vendor systems, ensuring compliance with internal standards and reducing integration time.

Proven expertise in:

- **RPA Implementation & Migration** (from v11 to Automation Anywhere 360 platform)
 - **UI Automation & Complex Report Generation** (SAP GUI, Microsoft tools, PDFs, SQL)
 - **Integration with enterprise systems** (Mcube Software, Workforce Management)
 - **Automation Testing, Deployment, Support & Monitoring**
 - **Process Optimization & Cost Reduction**
 - **Data Processing and Cloud Migration**
-

PROFESSIONAL EXPERIENCE

ADANI Electricity Mumbai Limited

Assistant Manager, RPA Automation Team

July 2023 - Presently

Project: Asset Creation

Project Overview:

Integrated **UI Automation** to extract, update, and validate data from **SAP T-codes** and related Excel files. Achieved **100% accuracy** in calculating settlement values for jobs involving **multiple cable combinations** thus Bot is capable of covering **10000 jobs annually**.

Project: Tata Power Consumption Settlement

Project Overview:

Automated complex workflows by modifying and integrating data across 8 different excel sheets, **Macros** enabling seamless data transfer and minimizing errors in reporting and analysis. Enhanced data accuracy by automating validation checks and calculation within Excel sheets, improving the overall quality of data insights.

Project: File Conversion Bot

Project Overview:

Utilized **Mcube Software** for EMD-to-XML conversion via **UI Automation**. Automated **CDF-to-XML conversion** by renaming files, followed by seamless migration to a **shared cloud path**. Reduced manual intervention by automating the **cloud upload process** using a **Batch file** and **JSON** for secure cloud connectivity.

Project: Workforce Management

Project Overview:

Automated the **retrieval of audio files** from past dates using Workforce Management website, ensuring data consistency with a scheduled task every **10 minutes**. Integrated **cloud migration** through **Batch files** and secure **client secrets**, optimizing data upload processes.

EDUCATION

Bachelor of Technology in Information Technology <i>Government Engineering College, Aurangabad</i>	June 2023
Higher Secondary Certificate (HSC) <i>Somalwar Junior College, Nagpur</i>	June 2019
Secondary School Certificate (SSC). <i>Yashoda English High School, Nagpur</i>	June 2017

TECHNICAL SKILLS

- **Automation Platforms:** Automation Anywhere 360, Power Automate
 - **Conversational AI:** Krista AI
 - **Programming Languages:** Python, SQL, HTML, CSS
 - **Databases:** SQL, MongoDB
 - **Automation Tools:** Mcube, Ariba, Workforce Management Systems
 - **Cloud Platforms:** Google Cloud
 - **Other Tools:** Excel Macros, VBScripts, PDF Automation, Sharepoint
-

CERTIFICATIONS

- **Essentials in Automation Anywhere 360**
 - **AWS Certified Solutions Architect**
-

SOFT SKILLS

- **Problem Solving:** Expertise in identifying inefficiencies and crafting automated solutions to reduce operational challenges.
- **Adaptability:** Demonstrated ability to quickly learn and implement new technologies in a fast-paced, evolving environment.

- **Collaboration:** Excellent team player, working cross-functionally with stakeholders to drive automation initiatives.
-

PROJECTS & ACHIEVEMENTS

- Successfully led **RPA bot migration** from **Automation Anywhere v11 to 360**, streamlining automation processes and reducing bot downtime.
- Played a key role in the **digital transformation** initiatives of Adani Electricity, driving automation and optimization efforts across various departments.
