Email: fredericotemperini@yahoo.com.br - **Phone:** 55 21 96460-2636

Address: São Paulo Avenue, 845, Presidente Juscelino, Mesquita, Rio de Janeiro – Brazil

OBJECTIVE

Leader of activities focused on the area of civil engineering / building maintenance / new constructions.

Academic Education

Civil Engineering – Veiga de Almeida University, Rio de Janeiro, Brazil – 2013

Personal Summary

With 10 years of experience in civil engineering, still during my graduation process I started at construction site as an engineering intern in the construction of a multifamily housing project. After graduating, I continued working at the construction work, coordinating and inspecting the various services performed in all phases of the building construction chain, including planning/execution of new constructions and building maintenance.
