Experience

Supply Chain Specialist

Health Department, Government of Sindh. September, 2017 – September, 2021 (4 years 1 month)

- Managed and evaluated all Public Procurement procedures including Tender processes, bid evaluation, compliance, risk management and payment agreements.
- Ensured that a robust process is in place to manage risk in the supply chain network.
- Created strong and collaborative relationships with suppliers to achieve competitive and cost effective pricing.
- Successfully supervised the physical flow of procured items from suppliers through production plants and distribution centers all over the Province to avoid costly delays and lost opportunities.
- Implemented Warehouse Management Systems to maximize Department's Inventory efficiency and responsiveness.
- Analyzed key supply chain and financial metrics such as Demand Forecast Accuracy, Procurement ROI, Operating Cash Flow, Inventory Velocity
- Oversaw approximately PKR 100 Million budget and ensured budgets were being used wisely and strategies were focused well.
- Introduced Drum-Buffer-Rope strategy to the Health Department for the management of unusual

demand, the flow of information and inventory to avoid stock outs.

- Assigned and supervised supply chain executives' tasks and reported to Higher Officials of the Government.

Assistant Manager Logistics and Custom Clearance

Deugro Projects and Logistics. June, 2017 – August, 2017 (3 months)

- Cleared Shipments from Ports and Customs and resolved issues among clients and Government.
- Creating and Uploading Goods Declaration to Customs Database for Air and Sea Shipments with accurate tariffs classification.
- Managed the team of more than 50 employees in the logistics department.
- Arranged suitable mode of transportation for various freights.
- Updated Client with real-time situation of shipments to prevent any latency.
- Oversaw Transportation data such as location, ETA, weight and volume with real-time accuracy.
