• PROFILE

Dynamic and results-oriented MERN Stack Developer with 2 years of comprehensive experience in developing robust, user-centric web applications. Skilled in leveraging modern web technologies to design and deliver scalable, high-performance solutions. Adept at collaborating with cross-functional teams to achieve business goals while maintaining a keen eye for detail and efficiency. Explore my work at adhilakbar.in.

WORK EXPERIENCE

2023| PRESENT
MERN STACK DEVELOPER | DATAHEX DIGITAL SOLUTION

- Designing, developing, and implementing scalable, high-performance web applications using the MERN stack.
- Building user-friendly interfaces and interactive features using React.js.
- Developing server-side logic using Node.js and Express.js for handling requests, authentication, and data manipulation.
- Integrating and managing MongoDB databases, including designing schemas, querying data, and optimizing performance.
- Creating and maintaining RESTful APIs for seamless communication between the frontend and backend components.
- Conducting code reviews to ensure code quality, adherence to coding standards, and identifying areas for improvement. Writing and executing unit tests and end-to-end tests to maintain code reliability and scalability.
- Utilizing version control systems like Git for collaborative development, managing codebase changes, and ensuring version control best practices
- Identifying and addressing performance bottlenecks in both frontend and backend components to improve application speed and responsiveness.

2022 – 2023 (11 Months)
MERN STACK DEVELOPER [Internship] | Brototype

- Collaborate with senior developers to design and implement user interfaces using React.js, ensuring a seamless and engaging user experience.
- Assist in developing and maintaining server-side logic using Node.js and Express.js, including handling requests, managing sessions, and integrating APIs.
- Learn and contribute to Mongo DB database management tasks, such as designing schemas, writing queries, and optimizing database performance.
- Participate in the development of new features and functionalities for web applications, following best practices and coding standards within the MERN stack.

• EDUCATION AND TRAINING

Pursuing
Bachelor of Computer Applications (BCA) | Manipal University, Jaipur

- **LANGUAGE SKILLS**

MOTHER TONGUE(S): Malayalam
Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken Production	Spoken Interaction	
English	C1	C1	C1	C1	C1
Tamil	A1	A1	A1	A1	A1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

- **KEY SKILLS**

- Team collaboration
- Problem-solving
- Agile methodologies
- Critical Thinking
- JavaScript
- MongoDB
- RESTful API
- GraphQL
- HTML/CSS
- Version Control
- Package Managers
- Debugging
- Security Best Practices
- Performance Optimization

- **TECHNICAL SKILLS**

- Programming Languages   : JavaScript (ES6+), HTML5, CSS3
- Frameworks/Libraries   : React, Next.js, Node.js, Express.js, Redux, Ejs
- Databases   : Mongo DB, MySQL
- Tools & Technologies   : Git, NPM, AWS, Amazon S3

- **HOBBIES**

- Traveling | Driving | Sports | Reading

- **DECLARATION**

Hereby declared that the above particulars of facts and information stated are true, correct and complete to the best of my belief and knowledge.
