- Done the certification program in Java Technologies (Core Java, J2EE, Advanced Java, and J2ME) from Bessel Info Tech Solution Ltd, Palakkad.
- Done the certification course in Hardware and Networking from Accel Academy Limited, Palakkad.
- Course completed in C# programming and ASP.NET

ACADAMIC PROJECT

- Mini Project : Podcaster

A podcast is a series of digital multi-media files which can be distributed over the internet, for playback on portable media players and personal computers. The media files are streamed, which allows for quick transmission from server to clients. The host or author of a podcast is often called a Podcaster.

Tools Used: SQL Server 2000, Java Swing.

- Main Project : Version Control System

The Version Control System (VCS) keeps track of all work and all changes in a set of files, typically the implementation of a software project. VCS uses client-server architecture: a server stores the current versions of the project and its history, and clients connect to the server in order to check-out a complete copy of the project, work on this copy and then later check-in their changes

Tools Used: SQL server 2000, J2EE

B.TCEH SEMINAR DETAILS

- Tooth-Click Control of a Hands-free Computer Interface

People with severe upper limb paralysis use devices that monitor head movements to control computer cursors. The three most common methods for producing mouse button clicks are dwell-time, sip-and-puff control, and voice-

recognition. Here, we tested a new method in which small tooth-clicks were detected by an accelerometer contacting the side of the head. The resulting signals were paired with head tracking technology to provide combined cursor and button control. This system was compared with sip-and puff control and dwell-time selection. Tooth-click/head-mouse control was much faster than dwell-time control and not quite as fast as sip-and-puff control, but it was more reliable and less cumbersome than the latter.

PROFESSIONAL / PERSONAL STRENGTHS AND SKILLS

- Ability to organize, co-ordinate, implement and control work related activities.
 - Communication & Visualization.
 - Adaptability – Capable of adapting to new environment and grasp work quickly.
 - Fair command and communication in English Language.
 - A pro-active team worker, capable of working on own initiative and meet strict deadline.
 - Energetic, dedicated, self-motivated.
-

LANGUAGES KNOWN

- Read & Write : English, Hindi, Malayalam and Arabic
 - Speak : English, Malayalam and Tamil
-

PERSONAL DATA:

Visa status : Spouse Visa
Date of Birth : Feb 17 1988

DECLARATION

The above information is true to the best of my knowledge. I assure that if given a chance, I shall prove my worth.
