github.com/ferasjaffar • www.linkedin.com/in/ferasmo

Aspiring cyber security graduate actively looking for a cyber security role. I continue to learn and build my skills in cyber security in both the GRC and technical areas of cyber security.

EDUCATION

Bachelor of Science in Cyber Security (Hons)   **Sep 2021 - Nov 2024**
De Montfort University, Dubai

- Completed coursework covering key areas such as Computer Networking, Web Development, and Big Data Principles. Explored digital investigation techniques in the Computer Forensics module, using tools like FTK and Autopsy. I also produced a detailed malware analysis report using SIEM tools.
- Completed modules in Linux Security, focusing on protection against Heartbleed and Shellshock vulnerabilities, and Penetration Testing, conducting black-box testing using Kali Linux. In Cryptography, I implemented the Affine Cipher for both encryption and decryption. I applied C programming concepts by building and debugging projects in IDEs. I

TRAINING AND CERTIFICATIONS

- ***Certified in Cybersecurity*** - ISC2
  Cybersecurity Job Simulation by Mastercard - Forage
  Network Security Engineer 1 , ***Network Security Engineer 2*** - Fortinet.
  SOC Level 1 - Try Hack Me (Ongoing)
- **Tools:** Snort, Wireshark, Splunk, Wazuh, Linux Terminal, JTR, Metasploit, Burp Suite, FTK, AWS
- **Awards/Activities:** Member of Cyber Security Club at DMU, **UAE Golden Visa Holder** for academic proficiency, Volunteered with Dubai Police and "Sharjah Center for Voluntary Work".
- **Projects:** Developed a Windows application utilizing ***Steganography*** for secure data embedding, Coded an ***Affine Cipher*** encryption program for secure communication, Performed in-depth ***Malware Analysis*** on various malicious files to identify threats.

PROFESSIONAL EXPERIENCE
