Abdul Hadi

PHP | JavaScript | Laravel | Vue | React | LAMP Stack

✉ abdulhadijatoi@gmail.com | github.com/abdulhadijatoi | in linkedin.com/in/HΔdi | 📱 +96871959415

Success across global projects, focusing on backend development, API integrations, and frontend design. Passionate about creating scalable solutions that meet business goals.

SPECIALITIES: Backend programming, API development & integration, Database design, Cloud hosting, and Frontend development with a focus on user experience.

EXPERIENCE

Full Stack Developer | DALILEE
On-site (12/2021 – PRESENT)
Led backend and frontend development for the Logistics system, focusing on API creation and management, and working extensively on the admin panel using Blade and Vue.js.
Collaborated with the team to handle orders data and streamline logistics workflows.
Designed project architecture and contributed to the successful completion of a complex logistics solution.

Laravel Developer | Rahtours LLC
Remote (07/2024 – 12/2024)
Developed a full-featured travel website for a UAE-based company, allowing the listing of travel activities and packages. Integrated Stripe for secure payments and built an admin panel for managing website content, blogs, and activities. rahtours.ae

PHP Developer | Kamedar
Remote (06/2023 – 03/2024)
Part-time developer for a healthcare product, focusing on backend API development and system integration.
Developed critical features and ensured seamless integration with third-party healthcare services.

Freelance Full Stack Developer | Fiverr
Remote (05/2012 – PRESENT)
Completed 100+ global projects with expertise in PHP, Laravel, and JavaScript.
Specialized in responsive web design, payment integration, and custom API development.
Built strong client relationships by delivering high-quality, scalable solutions.
