ABOUT ME

Experienced Electrician with over 5 years of expertise in electrical installation, maintenance, and repair, including 2 years in the GCC. Proficient in wiring, control systems, circuit breakers, and compliance with NEC and DEWA standards. Skilled in troubleshooting and preventive maintenance. Seeking new opportunities to apply technical skills and contribute to high-quality electrical projects in a dynamic environment.

WORK EXPERIENCE

2022 – CURRENT Dubai, United Arab Emirates

ELECTRICIAN ZA'ABEEL PALACE

- Installed, maintained, and repaired electrical control systems, wiring, and lighting throughout the palace, ensuring all systems functioned efficiently and met NEC and DEWA standards.
- Connected electrical systems to powerlines, providing reliable and continuous electricity to the palace.
- Conducted thorough inspections of electrical systems to identify potential issues and determine the need for repairs or replacements.
- Replaced wiring, conduits, and circuit breakers as needed to maintain system integrity and compliance with safety standards.
- Performed general electrical maintenance, including troubleshooting and repairing faulty components, minimizing downtime.
- Identified and addressed 80% of electrical malfunctions during initial assessments, working closely with manufacturers to replace faulty parts and restore system functionality.
- Installed circuit breakers, electrical panels, and advanced control systems to manage palace-wide power distribution.
- Provided preventive maintenance services, ensuring electrical systems were safe and operational through routine inspections and timely repairs.
- Worked from blueprints and technical schematics to perform electrical installations for new palace wings and renovations.

2019 – 2022 Kerala, India

SELF-EMPLOYED ELECTRICIAN

- Installed and repaired electrical wiring, systems, fixtures, conduits, and circuit breakers in compliance with NEC standards and local electrical codes.
- Diagnosed and resolved wiring issues, ensuring safe and reliable electrical system functionality.
- Designed and upgraded electrical systems based on blueprints and technical drawings.
- Conducted routine inspections and preventive maintenance on electrical equipment to identify hazards.
- Installed energy-efficient lighting systems and smart home automation for residential and commercial clients.
- Provided emergency repair services and ensured adherence to all safety protocols.
- Supervised and trained apprentices, ensuring proper tool use and adherence to industry safety standards.

EDUCATION AND TRAINING

Kerala, India

DIPLOMA IN ELECTRICAL ENGINEERING

Kerala, India

TRADE COURSE IN WIREMAN

● **SKILLS**

Key Skills

- Electrical System Installation
- Circuit Breaker Installation and Repair
- Wiring and Conduit Installation
- Electrical Troubleshooting
- Preventive Maintenance
- Electrical Code Compliance
- Electrical Control Systems
- Power Distribution Systems
- Lighting System Installation
- Blueprint and Schematic Interpretation
- Energy-Efficient Systems
- Electrical Safety Protocols
- Electrical Inspections
- Emergency Electrical Services
- Generator and Backup Power Systems
