

VETRISELVAN SELVAKUMAR

LEAD SOFTWARE ENGINEER

PROFESSIONAL SUMMARY

- 9.5+ years of Technology Industry experience in **Java/J2EE, Struts, Spring Boot, Hibernate, and AngularJS** for developing scalable and high-performance applications.
- Expertise in **backend development, microservices architecture, API development**, and web applications development.
- Strong hands-on experience in **Kotlin, Apache Camel, Spring Batch, and Kafka** for building efficient and robust systems.
- Solid understanding of **Software Development Life Cycle (SDLC), Agile methodologies, DevOps, and CI/CD pipelines**.
- Experienced in integrating **third-party APIs, payment gateways, and banking systems** to enhance digital transformation.
- Certified in **Core Java, Spring, Hibernate, and AngularJS (IKM Certifications)**, demonstrating technical proficiency.
- Excellent analytical, problem-solving, communication, and leadership skills, ensuring smooth project execution.

CONTACT

Phone: +971 526259004

Email: vetri129@gmail.com

Address: Al-Barsha Dubai UAE.

TECHNICAL SKILLS

Languages: Java, Kotlin, JavaScript, SQL, SCALA

Frameworks: Spring Boot, Hibernate, Apache Camel, Struts 2, Spring Batch, Spring Security

Frontend: AngularJS, JavaScript, HTML, CSS, ReactJS

Databases: Oracle, DB2, MySQL, MS SQL, PL/SQL, PostgreSQL

Cloud & DevOps: AWS, Docker, Kubernetes, Jenkins, Terraform,

CI/CD Pipelines Servers: Apache Tomcat, WebLogic, JBoss, Nginx

Tools & Version Control: Git, SVN, Maven, Gradle, SonarQube, Postman

WORK EXPERIENCE

Lead Software Developer | 09/2021-Present

Al Ansari Exchange - Dubai, UAE

At Al Ansari Exchange, I served as a Lead Software Developer, contributing to the development and maintenance of Al Ansari Core application (AREX) as well as Digital Channel Applications.

Utilizing my skills in Java, JavaScript, Spring, Spring Boot, Hibernate, Restful Web services, SOAP services, PL/SQL and more, I designed and implemented software applications to meet the organization's requirements.

Key Projects and Accomplishments

- Leading the design, development, and optimization of **AREX (Ansari Remittance & Exchange)** platform to ensure seamless transactions.
- Developed **Automated account reconciliation** and **ERP integration projects**, reducing manual interventions by 60%.
- Implemented **security enhancements and penetration testing fixes**, improving system resilience against cyber threats.
- Integrated **AML compliance solutions** and ensured systems adhered to **UAE Central Bank regulations**.
- Worked on **backend services, third-party API integration and system performance tuning** to improve transaction speeds.

Senior Software Engineer | 05/2019-10/2021

Qatar Islamic Bank (Redcaso Solutions) - Doha, Qatar

As a Senior Software Engineer at Qatar Islamic Bank(Redcaso Solutions), I played a crucial role in the development and maintenance of QIB's Omnichannel applications utilizing my skills in Java,Kotlin,JavaScript, Spring, Spring Boot, Hibernate, RESTful Web services, SOAP services, and more.

Key Projects and Accomplishments:

- Developed new **E-Channels (Mobile & Retail Banking, Back Office Applications)** to streamline banking operations.
- Led integration efforts for **Western Union, VISA Card Control, and digital wallet solutions**, enhancing payment capabilities.
- Enhanced mobile banking applications by optimizing **performance, security, and user experience**, leading to a 25% increase in user engagement.
- Followed **best coding practices, Agile methodologies, and implemented DevOps processes** for continuous delivery.

Software Engineer | 06/2015-05/2019

Larsen And Toubro Infotech - Chennai, India

During my time as a Software Engineer at Larsen And Toubro Infotech, I was responsible for developing and maintaining software solutions utilizing my skills in Java, JavaScript, Spring, Spring Boot, Hibernate, and more.

My role included designing and implementing software applications, collaborating with cross-functional teams, and ensuring the successful delivery of projects.

Key Projects and Accomplishments:

- Developed and maintained government educational services applications, improving citizen access to essential services.
- Built **revenue optimization solutions for PROS & Caterpillar projects**, helping clients maximize profitability.
- Led unit testing, automation using **Selenium and Jasmine-Karma, and DevOps deployments**, ensuring quality and reliability.

ACADEMIC HISTORY

Anna University (R.M.D Engineering College) | 2011-2015

Bachelors of Engineering

- GPA 7.4
