

Ali Suliman

Backend Developer (NodeJS, NestJS, and Express) with 6+ years of experience in developing and deploying high-quality web applications that meet user needs. Collaborated with cross-functional teams to develop and deploy applications, resulting in a 90% increase in user satisfaction.

WORK EXPERIENCE

Oxinus Holdings, UAE — Senior Backend Developer

Jul 2023 - PRESENT

- Integrated Zatca Tax Authority, accelerating KSA client acquisition and operational efficiency by over 30%, while ensuring 100% regulatory compliance.
- Engineered a robust OAuth2 microservice using Ory Kratos and Ory Hydra, fortifying access control across the company's ecosystem and partnerships.
- Developed a broadcast streaming service using HLS protocol, and achieved a streaming delay with less than 20 milliseconds.
- Executed a rapid two-week POS system implementation for the showcase at Horeca festival.

Socienta, UAE — Software Developer

Jan 2020 - Jul 2023

- Implemented 3 accounting modules from scratch (Service Charges, Purchases, Customer & Sales).
- Integrated with two 3rd parties software (Mollak, Amazon Payment Service).
- Achieved 50% cost reduction by migrating data from 2 external old systems and customizing to a new system within a challenging deadline.
- Optimized stability and functionality of an old system by fixing 100+ bugs.
- Increased system performance by 50% through an implementation of database query optimization.
- Wrote 200+ unit tests for 10+ features and reduced bug reports by 80%.

Freelance, Syria — Software Developer

Mar 2018 - Jan 2020

- Refactored 10,000+ lines of legacy code for a client to improve maintainability and performance.
- Designed and delivered 3 projects (ShopZilla, Virtual Aspirin, Tech Advisor).
- Conducted 6+ training sessions for 3 clients to ensure smooth adoption of new systems features and functionality.

EDUCATION

Al-Baath University, Syria — Bachelor of Informatics Engineering

Jan 2013 - Sep 2018

Grade: 75.72%

Abu Dhabi, United Arab Emirates

(971) 509480353
