📍 Abu Hamour, Doha-QATAR   📄 Work Visa - Valid   in LinkedIn

👤 PROFILE

Licensed pharmacist with experience in hospital and retail pharmacies. Skilled in dispensing medications, patient counseling, and managing inventory. Holds a Bachelor of Pharmacy and licensed by QCHP (Qatar Council for Healthcare Practitioners) with DataFlow verification. Registered with the Kerala State Pharmacy Council. Proficient in pharmacy software and MS Office. Based in Doha with a valid work visa and NOC, available to join immediately.

💼 PROFESSIONAL EXPERIENCE

Almas Hospital, Kottakkal, Kerala ↗   10/2023 – 04/2025

Registered Pharmacist

- 💊 **Expertly dispensed** a high volume of medications daily with 100% accuracy, safeguarding patient safety in a fast-paced hospital setting.
- 🗨 **Delivered impactful patient counseling**, empowering patients with clear guidance on medication use, side effects, and adherence.
- 🤝 **Collaborated closely with physicians and nurses** to fine-tune drug therapies, resolve prescription discrepancies, and enhance clinical outcomes.
- 📄 **Maintained flawless regulatory compliance** through meticulous documentation and adherence to hospital and national pharmacy standards.
- 🚨 **Actively monitored and reported** adverse drug reactions, interactions, and allergies—reducing medication-related risks significantly.
- 📦 **Streamlined inventory operations**, reducing medication wastage by 25% through efficient stock rotation and expiry management.
- 🏥 **Contributed to multidisciplinary ward rounds**, providing evidence-based pharmaceutical input in critical care and treatment planning.

KP Medicals, Tirur, Kerala ↗   03/2023 – 09/2023

Registered Pharmacist

- 🧪 **Performed thorough prescription verifications**, identifying potential contraindications and ensuring therapeutic appropriateness across diverse patient profiles.
- 📞 **Initiated patient follow-ups and medication reviews**, significantly improving adherence and reducing readmission rates for chronic conditions.
- 🛠 **Implemented digital tracking systems** for medication logs and controlled drugs, enhancing workflow transparency and audit readiness.
- 🧠 **Educated patients and caregivers** on complex drug regimens (e.g., anticoagulants, insulin therapy), boosting confidence and minimizing misuse.
- 🛺 **Coordinated with supply chain teams** to forecast high-demand medications, preventing critical shortages during peak patient inflow.
