Dubai, UAE • +971545756596 • drishyaeravil@gmail.com

Architect | Enhancing lives, one space at a time

Four years of diverse experience in bringing creative visions to life. Experience with residential, commercial and hospitality projects including cafes, resorts, hospitals and shopping complexes. Proficient in transforming ideas into functional, impactful spaces that elevate user experience.

Education

Bachelor of Architecture | 2015 - 2020

Kerala University | TKM College of Engineering, Kollam, Kerala, India

Experience

Junior Architect

Pravega Associates, Kerala | August 2023 – September 2024

- Designed and executed exterior and interior 3D visualizations for 10 residential units, utilizing software to create detailed and high-quality renderings.
- Engaged in furniture design and finishes selection, to complement aesthetic and functional alignment with project themes and client preferences.
- Drafted permit drawings and developed proficiency in sanction documentation, ensuring compliance with local building codes and regulations.
- Developed innovative design concepts, preparing presentations, and providing visual representations through sketches and 3D renderings.
- Communicated with clients to share updates, discuss requirements, address concerns and deliver tailored solutions.
- Collaborated with clients, contractors, and engineers to ensure design alignment with specifications.
- Conducted site visits to ensure seamless execution and quality control.

Junior Architect

Estate Builders and Developers, Kerala | February 2022 – May 2023

- Crafted design presentations, created mood boards, and led the selection of materials and finishes to ensure aesthetic and functional alignment.
- Managed multiple residential and hospitality projects, ensuring timely delivery of designs aligned with industry standards.
- Engineered architectural designs and concept solutions producing detailed architectural drawings using design software.
- Supervised residential and commercial projects, ensuring high-quality and timely delivery.

Junior Architect

BUHO Studio, Kerala | November 2020 – January 2022

- Planned and designed interior and exterior aspects of residential buildings, ensuring functional, aesthetic, and regulatory compliance.
- Supported renovation initiatives to expand expertise in residential design and construction methodologies.
