hamzausmani226@gmail.com

I am hardworking human being with some strengths and weaknesses to exploit. I will be good at work, I am good in achieving deadlines with no bargains. I always wish that I can do better than others. I see myself in 10 years progressing towards my passion and a better life, beneficial for others too. I have some lack of confidence which I aim to recover in real market. I am punctual in work and dedicated towards my grooming in personality.
