

YASIR HUSSAIN TS

Software Engineer | Java Full Stack Developer

+971 547782540 @ yasirhussaints@outlook.com linkedin.com/in/yasir-hussain-a78b641aa AI Qusais, Dubai, UAE

SUMMARY

Passionate Full Stack Developer with 2+ years of experience in Java, Spring Boot, Flutter, Dart, and JavaScript frameworks. Skilled in cloud deployment, containerization, and RESTful APIs. Proven ability to deliver high-quality software solutions in fast-paced environments. Seeking to leverage expertise at Turing to tackle complex technical challenges and advance as a developer.

EXPERIENCE

Software Engineer

Diviso SoftTech 06/2022 - 06/2024 Palakkad, Kerala, India
Software development company focused on logistics solutions.

- Collaborated in a team of 5 developers to design and implement a logistics platform addressing rural deliveries, using Spring Boot for backend services and Flutter for mobile UI.
- Designed, developed, and deployed end-to-end applications using Java, Spring Boot, and a Microservices architecture, incorporating RESTful APIs for real-time order tracking, inventory management, and delivery scheduling.
- Utilized Spring JPA for database interactions and implemented efficient data management solutions.
- Enhanced database and application performance by designing schemas, optimizing queries, implementing indexing, and leveraging load balancing, resulting in a 60% faster system response time and a 25% improvement in overall efficiency.
- Practiced Agile methodologies, engaging in sprint planning, daily stand-ups, and retrospectives to drive collaboration and efficient project delivery.

Software Developer Intern

LXI Technologies 09/2019 - 06/2022 Palakkad, Kerala, India
Technology company specializing in software solutions.

- Spearheaded the end-to-end development of the Red Alert Mobile App, focusing on real-time alerts and intuitive user interfaces for enhanced emergency management.
- Established a solid programming foundation in C++, Java, and object-oriented programming (OOP), quickly advancing skills in core Java through focused training.
- Collaborated with cross-functional teams on the Red-Alert mobile app, achieving a 97% increase in project efficiency and ensuring timely milestone completion through effective communication and teamwork.

EDUCATION

Bachelor of Computer Applications
University Of Rabindranath Tagore 06/2020 - 06/2023

LANGUAGES

English Proficient Arabic Proficient
Hindi Proficient

KEY ACHIEVEMENTS

Red Alert App: Award-Winning Innovation
Received prestigious recognition and awards from college for the development of the self-made Red Alert Mobile App.

SKILLS

Java	Spring Boot	Flutter	REST APIs
Microservices	Spring MVC	Hibernate	
Oracle Cloud	OpenAPI	MySQL	
PostgreSQL	Oracle DB	HTML/CSS	
JavaScript (ES6+)	JUnit	Git	GitLab
GitHub Codespaces	Docker	Kubernetes	
Maven	JSON	Postman	Mockito
FlutterFlow	TDD	Agile/Scrum	Linux

PROJECTS

ShayWaMaza Food App
06/2024 - Present
A food delivery application focused on providing a seamless user experience.

Logistics Management Platform
08/2023 - 06/2024
A logistics management platform developed to optimize delivery processes.

Red-Alert Mobile App
07/2021 - 03/2022
A mobile application designed for real-time emergency alerts.
