Risk assessment	<div><div></div></div>	Very Good
Quick learner	<div><div></div></div>	Very Good
Emergency procedure		

Work History

2020-10 - 2021-03

Assistant Safety Officer

Larsen & Toubro, Idukki, Kerala

I was responsible for safety in the workplace. Before starting work i conducted tool box talk to work. I include in the tool box talk, how to do work safely and what is the importance of PPE and safety and explain the safe system of work.

- Issue the work at height permit
- Conduct the risk assessment
- Inspect the tools and tackles

- Conduct a mock drill for emergency procedure
- Inspect the PPEs
- Ensuring that workers have all their necessary PPE at all time
- Preparing safety observation and reporting all departments
- Assessing the risk areas and providing proper safety signs.
- Reduced safety incidents by training and teaching risk management techniques, hazard identification, quality checks and documentation

2019-10 - 2020-03

Assistant Safety Officer

Larsen & Tuobro, Selam, Tamilnadu

I was responsible for safety in the workplace. Before starting work i conducted tool box talk to work. I include in the tool box talk, how to do work safely and what is the importance of PPE and safety and explain the safe system of work.

- Issue the work at height permit
