EXPERIENCE

AMPHENOL INTERCONNECT INDIA PVT LTD

Tool maker/ Mold maintenance

03/07/2017 - 03/07/2018

Tool Room Trainee

Worked in mould maintenance department.

Repair and maintain moulds.

Document and update work records. Checking tool alignments.

Clean equipments and work space.

Operating conventional machines.

VIBES DESIGN

10/09/2019 - 31/09/2020

Assistant Mould Designer

- Design & Development of mould for new Product.

- Tooling feasibility as per injection molds & molding.

- Product modifications for tooling feasibility.

- Mould design and development of complex Automotive and

Engineering plastics using UNIGRAPHICS

NX11 and AUTO CAD.

- Client interaction to understand their Technical requirements and feedback.

- CAD data translation and documentation.

- Preparing corrective action report and tool modifications.

- Electrode planning and designing.
- Coordinate & follow up with concerned department like tool room & quality.
- Follow up with Vendors & Customers.
- Involvement in Mould Trail.
- Avoid trouble shooting in running moulds by design modification.

TECHNICAL SKILLS

Ability in planning & processing of raw material into final part
Can handle all types of general tool room machine like lathe, milling, grinding gtc.
Knowledge in conventional and advance machine operations
Unigraphics NX12
Manufacturing and Design of mould
Auto-Cad

PROJECTS

Machine injection mould for 4 cavity table heel Mould
A machine injection mold for 4 cavity mold, component described as ' table heel ' .
The component was molded on 4 cavity die and consisted of 2 daylight and pin ejection System.

INTERESTS

Playing
Traveling
Music

PERSONAL STRENGTHS

- * Ability to adapt myself to various situation
- * Patience and fast learning
- * Good communication skill
- * Creating ideas, creativity
- * Leadership & responsibility
- * Self motivated and motivating people
- * Team work skill
