Objective

To work in an environment which encourages me to succeed and grow professionally where I can utilize my skills and knowledge appropriately. As an electric engineer, I have lot of innovative ideas and I want to give shape to all of them by joining your company and under your supervision.

Experience

	Active Learning Pvt Ltd.
01/09/2020 - 30/02/2021	Program Assistant I was working as a program assistant in this company where I was doing coding on images in geo capture for nine parameters as per the rules set by the company. This coding is helpful for the safety of people especially for women to know all the parameters of that very route where they want to go.

Education

2012	JKBOSE 10th 80.8%
2014	JKBOSE 12th 79.4%
2019	Kashmir University(K.U) B.E/B.tech (Electrical Engineering) 75%
2020	Prolific Systems and Technologies Pvt.Ltd, Gurgaon Post Graduate Diploma in Industrial Automation 90%

Skills

Leadership and motivational power.

Decision Making and their better execution.

Always try to think about new innovative ideas.

Ability to absorb stress and never give space to stress or any other tension to come on my face.

Projects

Generation of Electricity

Generation of electricity from the unused flux around the transmission lines so that electricity produced can be provided to hilly areas over which the lines were drawn and hence losses can be reduced.

Generation of Electricity from swing motion.

Generation of electricity from the swing motion and that generated electricity can be utilized for the running of various equipments.

Smart Ration Ghat System

Making of Smart Ration Ghat System for the distribution of things like rice, sugar, wheat, aata etc to public at ration shop.

INDUSTRIAL VISIT

Baglihar power project with capacity of 2400 MW.

Internship

Two months training at Grid Station Wanpoo Anantnag having capacity of 320 MW (220KV/132KV)

Language

English

Urdu

Kashmiri
