10. Organization : **M/s Consolidated Contractors International Company**
Project : **BU3 Project Ruwais, Abu Dhabi, UAE**
Position Held : **Welding Foreman**
Period : 2011 to 2012
11. Organization : **M/s Ocean Group**
Project : **Sohar Power Plant Shutdown Project UAE**
Position Held : **Welding Foreman**
Period : 2009 to 2010

- 12.** Organization : **M/s Consolidated Contractors International Company**
Project : **BU2 Project Ruwais, Abu Dhabi, UAE**
Position Held : **Welding Foreman**
Period : 2008-2009
- 13.** Organization : **M/s Belleli Energy Exterran-SPA**
Project : **Qatar Water & Electricity Plant Project Doha, Qatar**
Position Held : **Mig, Tig & Arc Welding In-charge hand**
Period : 2007-2008
- 14.** Organization : **M/s Keppel Offshore and Marine Singapore**
Position Held : **Mig, Tig & Arc Welder cum Lead Man**
Period : 2005-2007

Work Experience in India

- 1.** Organization : **M/s Bridge & Roof Co. (I) Ltd. Gujarat**
Position Held : **Tig & Arc Welder**
Period : 2001 to 2004

Job Description

- Supervises and coordinates activities of workers engaged in welding and cutting of products and structures, such as auto, aircraft, and ship components, pipes, boilers, and mobile homes, applying knowledge of welding and cutting techniques, materials, and equipment, and fabrication requirements: Analyzes work orders and blueprints to determine need for supplies and sequence of operations required
- Inspect welded points and pieces manually and via fault detection tools on daily basis, send defectively welded pieces back to workshop for rectification
- Schedule shifts and timings for employees and ensure maximum productivity on their behalf
- Requisitions supplies, such as weld rods, gas, flux, and fixtures
- Inspects work or confers with Welding Inspectors to maintain specified standards and quality
- Trains workers in operation of equipment
- set up machines or make trial welds to make test runs and experimental products
- supervise brazing and soldering operations
- supervise fitting and assembly of structural frames
- supervise workers engaged in making tubing from flat steel strips by electric-weld process and be designated Welding Supervisor, Electric-Weld Pipe Mill.
- Important variations include location of workers supervised, such as in-plant, job-shop, construction site, or shipyard.

Major Responsibilities

- Handling all welding technical queries and investigating all field welding related problems
- Ensuring the use of the correct welding procedures and verifying all Welder qualifications and monitoring both application and performance
- Coordinating welding activities of line pipe and equipments for CANDU Reactor systems: auxiliary system, steam generator and water system, heavy water management
- Examining visually work in progress and effectively supervising repair procedures
- Inspecting the use of filler material depending on the base material so as they comply approved welding procedures

- Coordinating welding activities for processes: SMAW, GTAW, GMAW, FCAW on

base metal: carbon steel, austenitic stainless steel, crom- moly creep resisting steel, heat resisting steel

➤ Checking and inspecting welds so as they should be performed in compliance with applicable procedures
