Career Objective

To secure a position where I can efficiently contribute my skills and abilities to the growth of the organization and build my professional career.

Professional Experience

Abudhabi National Oil Company, Abu Dhabi **Apr 2015 – Till the Date**
Designation: Lube Attender (Oil Changer)

Duties & Responsibilities:

- Changing oil transmission fluids and maintaining vehicle standards.
- Maintains dealership records and provides information to clients apart from making recommendations about their vehicles.
- Performs routine checks and maintenance of all vehicles, including checking tire pressures and fluid levels.
- Greases bearings, examines repairs and overhauls the brake systems.
- Use various electronic tools to locate and correct malfunctioned areas in the vehicle such as the ignition, brake shoes and wheel bearings.
- Removes and replaces automobile leaf springs, tail pipes and mufflers.
- Wash and steam clean vehicles and equipment.
- Repair and replace tires.
- Maintain service transaction records.

SECWIZ, India **Jun 2013 – Jan 2015**
Designation: Project Engineer

Duties & Responsibilities:

- Provide answers to client questions about our product, servicing, and other technical aspects of the product.
- Successfully tailor demonstrations for customers, trade shows, and special events.
- Work closely with the customer to set up and maintain a successful demo period, being available to answer questions and trouble-shoot as needed.
- Be able to think critically and suggest improvements that might lead to cost savings or other client benefits.
- Arrange and, in some cases, lead training for customers.
- Research the industry on an on-going basis to know what changes may be on the horizon that will impact current and future sales.
- Provide clear and accurate responses for RFPs and/or contribute technical solutions directly to proposals.
