OBJECTIVE

To secure a challenging position in a reputable organization to expand learnings, knowledge, and skills. Secure a responsible career opportunity to fully utilize my training and skills, while making a significant contribution to the success of the company

SKILLS & ABILITIES

- MS word, Excel, AutoCAD 2D, CAD (3D), Basic C & C++, Kali Linux, Adobe Photoshop, Tally. Marketing automation, Data Visualization. Proficient computing, applications, and programming.
- Analytical and detail-oriented worker.
- Skilled in Rubber and plastic processing, testing and analytical techniques.
- Very good knowledgeable in polymer blends development methodology.
- Expert in failure theory and models for rubber, plastic, elastomers, and metals.

EDUCATION

Bachelor of Engineering JUNE 2016 - MAY 2019	JSS Science and Technology University Polymer Science and Technology Grade :8.67 (CGPA)	Mysuru, India
Diploma MAY 2013 - MAY 2016	Karnataka (Government) Polytechnic Diploma in Polymer Technology Grade :8.20 (CGPA)	Mangalore, India

WORK EXPERIENCE

Polymer engineer	G.K.M retreads, Bangalore.
JUNE 2019-MAR 2020	<ul style="list-style-type: none">• Provide support to all processing units and provide support to all working sections.• Recommend improvement to facilitate all first-time quality.• Design new patterns as per customer requirements and manage communication with all suppliers to design new compounds and maintain expert knowledge on same.• Analyze and recommend improvements to all rubber materials to increase efficiency of all rubber processes.
Research Internship	Printpack Packaging Supplies Ind. Pvt. Ltd, Mysuru.
MARCH 2018- MAY 2019	<ul style="list-style-type: none">• Development and Characterization of Antimicrobial Packaging Material for Food Packaging.”• Successful test result of microbial activity over different periods of time with and without antimicrobial agent.

Project work	Printpack packaging supplies Ind. Pvt. Ltd, Mysuru.
DEC 2018 - MAY 2019	<ul style="list-style-type: none"> • “Mechanical Recycling for Thermoformed Containers” • Working with team to design and recycle the used thermoformed containers. • Executed successful result in re-usability of thermoformed Containers along with market survey.
Training	Mypol Polymers and Rubber Products Limited, Mysuru.
20 DEC-31 DEC 2017	<ul style="list-style-type: none"> • Gained knowledge, skills and work attitudes consistent with the requirements of the industry. • To help the members in solving the difficulties faced in procuring raw material and compounding. • Pursued good qualities of integrity, responsibility and self-confidence.

LANGUAGES

English (B2)	Kannada	Tamil
German (A1)	Malayalam	
Hindi	Tulu	

COURSES

- “Composite Materials & Structure” Gian course at SJCE, Mysuru.
- “Emerging Intelligent Polymer Materials” Gian course at SJCE, Mysuru.

CONFERENCE

- “Polycon 2017” 7th National Conference on Novel Polymeric Materials by Indian Rubber Institute Mysuru and SJCE Mysuru.
- “Advancement in Polymer Technology” by JSS Science and Technology, Mysuru.
- “Injection Moulding and Beyond” by Toyoda Gosei Ltd, Mysuru.
- “Advanced Analytical Techniques for Polymer Characterization” at SJCE, Mysuru.

EXTRACURRICULAR ACTIVITY

- Part of a band, music group and a solo artist.
- Volunteering & fundraising for rescue and treat stray animals.
- Maintained the college department’s website.
- Rubik cube solver, chess competitor.
- Secured third position in national level of paint competition. etc.

I hereby declare that the above mentioned details are true to the best of my knowledge.
