EXPERIENCE

DATA ANALYST (COMPLIANCE)

HYDERABAD, INDIA

AMAZON DEVELOPMENT CENTRE PRIVATE LIMITED

March 2022- January 2025 (2 years, 9 months)

- Analysed customer behaviour data to identify compliance risks, resulting in a 30% reduction in fraudulent activities.
- Created interactive dashboards using **Power BI and Tableau** for real-time reporting, boosting decision-making efficiency.
- Compiled and presented reports to **stakeholders**, guiding strategic decisions.
- Utilized **SQL** to extract and transform large datasets, ensuring data accuracy and consistency.
- Developed **tools** to improve SOP adherence, raising compliance from 66.5% to 99.5% and reducing weekly audit feedback processing time by 5 hours.
- Launched a skill enhancement program for Excel and SQL, **training** 20+ employees and improving team efficiency by 18%.
- Led **automation** initiatives that eliminated SLA misses and backlogs, streamlining data upload processes.
- **Mentored** 8 associates, resulting in an 18% increase in team efficiency during Q1-Q2 2024.
- **Collaborated** on the launch of the PAVE tool, enhancing compliance workflow efficiency by 20%.
- Conducted **data exploration** and **statistical analysis** to identify key insights and trends.
- Designed and ran various SQL queries to **optimize** team processes.
- Leveraged **BigQuery** to access public datasets for diverse analyses.
- Produced analytical reports using **R and R Markdown** for clear data visualization.
- Designed and optimized **ETL pipelines** to extract, clean, and transform large datasets for compliance reporting.
- Managed the **forecasting** of incoming workloads and efficiently allocated resources based on demand and priority.
- Maintained the team's **data repository**, ensuring regular updates to data tables, with knowledge of **Six Sigma** methodologies such as DMAIC, 5 Whys, and Fishbone Diagram.
- Conducted A/B testing and experimental analysis to optimize **business strategies**.
- Knowledge of waterfall, agile project development methods, **BRD** (Business requirement documents) and **SRS** (system requirement specification)
- With certification in AI essentials, I gained knowledge on AI, scikit-learn and ML (LLM).

MOHAMMED ANAS ALI QURESHI

SKILLS

Technical Skills:

- Data Analysis: SQL, Excel (Advanced), R Programming, Power BI
- Visualization: Tableau, QuickSight Dashboards
- Data Management: Data Mining, Reporting Automation
- Tools: SOP Development, Real-time Monitoring Systems
- Requirements Gathering and Documentation
- Business Process Analysis
- Microsoft Fabric: Data Factory, Dataflows, Power BI, and other Azure-based analytics services.

Soft Skills:

- Stakeholder Management
- Root Cause Analysis
- Problem Identification and Resolution
- Training and Development
- Time Management and Organization
- Collaboration and Teamwork

VISA DETAILS

FULL NAME: MOHAMMED ANAS ALI QURESHI

DOB: 20TH JULY 1999

VISA: TOURIST VISA

VALID TILL: 25/03/2025

EDUCATION

BACHELOR OF TECHNOLOGY

JAWAHARLAL NEHRU TECHNOLOGICAL UNIVERSITY, INDIA. 2017-2021.

COMMUNICATION

- Effectively communicated with stakeholders throughout the project, ensuring alignment and timely updates, created and distributed flash reports to the team, providing key insights and progress on a regular basis.
- Maintained clear and consistent communication with stakeholders, ensuring their needs were met and expectations managed.
- Delivered concise flash reports to the team, highlighting critical information and keeping everyone informed.

LEADERSHIP

- Managed Program Goals: Successfully managed and ensured the achievement of 2 programs goals by consistently meeting the Service Level Agreements (SLAs) for cases, contributing to efficient operations and stakeholder satisfaction. Reduce Mean Time to Detect (MTTD) and Mean Time to Resolve (MTTR) issues by 30% which was previously 18.8 days to 13.16 days where we have utilized data retraction, cleaning, analyzing and making reports using tools.
- Identified and Addressed Knowledge Gaps: Recognized a significant knowledge gap within the team that was contributing to escalations from stakeholders. Took proactive steps to address the gap, resulting in improved team performance and reduced escalations.
- Successfully lead 2 Projects: Successfully handled and completed 2 projects during my academics with 20 members of team as major and 8 as mini project.

CERTIFICATIONS

- Google certified Data Analytics Professional Certificate.
- Google AI Essentials.

ADDITIONAL INFORMATION

- Available to relocate and open to travel for work.
- Languages: Fluent in English, Urdu and Hindi.
