- Familiarity with **SOLID principles** and other software design patterns.
- Able to design the applications from the requirement and known for writing efficient, maintainable and reusable code that preserves privacy and security.
- Sound knowledge of Android SDK, Web Services, **JSON**, **Protobuf**, **SQLite database**, Activities, Services, Broadcast Receivers, UI Designing, Volley, FCM, Material Design.
- Good understanding of internationalization and localization (**LTR and RTL**).
- Creating **RESTful web services** for mobile apps.
- Detail-oriented web development skills (HTML, JavaScript, CSS, etc.).
- Familiarity with continuous integration and continuous deployment (CI/CD) tools such as **Jenkins**, **Fastlane**.
- Hands-on experience of **Firebase**, Facebook SDK and other SDK.
- Evaluating and implementing new technologies.
- Experience developing with **Flutter SDK**.
- Solid understanding of the full mobile development life cycle.
- Experience launching and managing production mobile apps.

## Employment:

- Ministry of Interior, Qatar (Sep 2021 - June 2023)
- Elumina Elearning Services, Chennai (Apr 2019 - Aug 2021)
- Zadip Group, Riyadh (July 2016 – Feb 2019)
- GI Technology Private Limited, Chennai (Aug 2015 – June 2016)
- Ethical Intelligent Technologies, Chennai (July 2013 – Aug 2015)

## Technical Skill Set:

- Languages : Java, JavaScript, Dart, PHP
- Frameworks : Android, Flutter, Angular, Ionic, GWT, NativeScript, Wordpress
- Web Technologies : HTML, CSS, JAX-RS, Node.js
- Mobile Technologies : Android, Cordova, IOS, MGWT
- IDE & Tools : Android Studio, VSCode, XCode, IntelliJ
- Application Servers : Jboss, Tomcat
- Operating Systems : Mac, Linux, Windows
- Code Management : Git

## Experience:

### Ministry of Interior (Sep 2021 – June 2023)

#### Software Developer

- Developing mobile applications for Android.
- Building custom **Android OS**.
- Provide regular and effective progress updates to and work closely with Development Project Managers to ensure the management of any delivery risks or issues
- Working closely with Development Project Managers and Business Analysts to produce accurate delivery estimates and manage the transition from analysis through to design and delivery.
- Creating Solution design and Low level design for application.
- Developed **MDM** for android.
- Implemented custom self hosted **push notification MQTT**.
- Worked on **Android Launcher** apps.
- Integrated **GRPC** and **Protobuf** in android application.
- Deployment of apps through Android MDM.

### **Elumina Elearning Services (Apr 2019 – Aug 2021)**

#### **Software Developer**

- Developing mobile applications for both Android and IOS.
- Developing web applications using angular.
- Creating Solution design and Low level design for application.
- Managing developer accounts of Google Play Store and Apple Developer.
