### WORK EXPERIENCE

#### Senior Shipping Executive

Sun Metal Group of Companies, UAE

May-2018 to Present

Manage overall shipping, documentation & clearance procedures as follows:

- Manage and oversee all imports from all US, African, European, and some Middle Eastern ports and exports / cross trade shipments destinations across the globe.
- Manage Cross stuffing shipments at J/Alf free zone & cross trade shipments (Switch BLs) from various countries.
- Negotiate favorable tariffs and service terms with carriers and freight forwarding companies while maintaining a cordial relationship and close rapport.
- Plan & resolve shipping & logistics schedules, best routes and carriers, and loading specifications in line with the requirements of the company and the buyer/supplier.
- Negotiate freight, get container release orders, oversee loading, liaise with the shipping/freight forwarding agent for OBLs & SWBs, and follow up the export shipment until delivery to the final destination.
- Oversee clearing process for imports in liaison with the customs & clearing agents for duty & regulatory procedures; and with the supplier for payment finalization & cargo release.
- Follow up timely payment collection & cargo release for export shipments, in liaison with the buyer and the carrier/freight forwarding agent involved.
- Oversee all documentation for imports and exports including regulatory & statutory documents in collaboration with the documentation department.
- Maintain optimal stocks in coordination with the production & warehouse teams to ensure smooth loading and timely shipments.

- Facilitate issuance of cargo marine insurance, where applicable.
- Prepare daily reports for the reference f management.
- Assist in cost, resource, and process optimization in shipping and logistics, ensuring high profitability & efficiency.
- Manage logistics for the internal requirements of the company requirements.

### Shipping Executive

Al Sharif Metals Ltd, UAE

Oct 2011 – Oct 2017

Manage overall shipping, documentation & clearance procedures as follows:

- Same key responsibilities and tasks, as above.

### Purchasing Executive

Akbar Brothers Pvt Ltd, Sri Lanka

Mar 2006 to Oct 2011

Manage overall purchasing/sourcing, and logistics functions as follows:

- Procure raw materials, equipment, and products catering to the requirement of the company while ensuring optimal cost & quality.
- Oversee the import procedures including shipping & logistics, payment & international banking, clearing & statutory liaisons, documentation, etc. in coordination with the shipping team, suppliers, and other external stakeholders.
