Responsible Chemistry Teacher with excellent communication skills demonstrated by 2 years of teaching experience. My friendly personality and calm temperament are very harmonious with the requirements of a good teacher. My communication skills are excellent; as are my interpersonal skills which are useful during interactions with students, parents and school administrators alike. I am confident that I would be a valuable asset to any educational institution.

Willing to relocate: Anywhere

## Education

---

### **M.Sc in Analytical Chemistry**

University of Kerala

November 2015

### **BSc in Chemistry**

University of kerala

June 2013

## Skills

---

Chemistry (5 years), Excel (Less than 1 year), general chemistry (Less than 1 year), PowerPoint (1 year), Teaching (5 years)

## Additional Information

---

### SKILLS

- Strong experience in teaching Chemistry courses
- Huge knowledge of basic and advanced chemical terminologies
- Familiarity with instructional techniques
- Good understanding of general chemistry content and terminology
- Proficient with virtual learning systems
- Ability to work with diverse student populations
- Ability to lead learning sessions
- Ability to prepare learning materials
- Knowledge in MS office software Word, Excel, PowerPoint, Offices access, Publisher etc
